06. Is there a register of financial services employees that individuals will need to be listed on to undertake particular business activities? If so, what are the steps required for registration?

Brazil

There are no specific financial agencies that require registration from employees. For activities that require certification, an assessment controlled by ANBIMA needs to be submitted. The Brazilian Association of Financial and Capital Market Entities (ANBIMA) has represented the market for over four decades. It is responsible for more than 300 institutions, whose objective is to strengthen the sector's representation and support the evolution of a capital market capable of financing local economic and social development.

The HKMA, SFC and IA each have a register for licensed employees to be listed on to undertake regulated activities:

- HKMA the register of securities staff of authorised institutions is available on the HKMA's website[1]. For registration, the names and particulars of the relevant individuals are required to be submitted to the HKMA for inclusion on the HKMA Register.
- SFC the register of licensed persons is available on the SFC's website[2]. For registration, individual applicants would need to submit an electronic application to the SFC through its online platform. When there is a change of employment, the licensed representative may apply for a transfer of accreditation through SFC's online platform within 180 days after the cessation of the previous employment. It takes approximately seven business days to process an application for transfer of accreditation to carry on the same types of regulated activity for which the licensed representative was licensed immediately

before the cessation.

- IA the register of licensed insurance intermediaries is available on the IA's website[3]. For registration, applicants can submit their licence applications to the IA by paper submission or electronic submission via an online portal.

There is no universal register of all financial services employees. Rather, different Swiss financial market laws provide for a registration requirement that may apply to individual financial service employees. Whether a particular financial market law, and, consequently, a registration requirement, applies to a financial services employee depends specifically on the regulatory status of the employing entity and the particular activity of that employee.

Also, client advisers of Swiss or foreign financial service providers (eg, investment advisers) may be
required to register with the adviser register, unless an exemption applies. Client advisers are the
natural persons who perform financial services on behalf of a financial service provider or in their own
capacity as financial service providers. Client advisers are entered in the register of advisers if they
prove that i) they have sufficient knowledge of the code of conduct set out in the financial services
regulations and the necessary expertise required to perform their activities, ii) their employee has
taken out professional indemnity insurance or that equivalent collateral exists, and iii) their employee
is affiliated with a recognized Swiss ombudsman in their capacity as a financial service provider (if
such affiliation duty exists).

Furthermore, "non-tied" insurance intermediaries (ie, persons who offer or conclude insurance contracts on behalf of insurance companies) are required to register with FINMA's register of insurance companies. To register, persons must inter alia prove that they have sufficient qualifications and hold professional indemnity insurance or provide an equivalent financial surety. "Tied" intermediaries will no longer be able to register voluntarily in the FINMA register (unless this is required by the respective country of operation for activities abroad).
