Post-contractual non-compete obligations will typically only be binding when a severance payment is agreed upon that amounts to at least 50% of the pro-rated annual remuneration that the employee received before the obligation comes into force). It is advisable to regularly review for which roles such arrangements are agreed upon as they can be costly, and a unilateral waiver does not automatically eliminate the obligation to pay compensation, only if sufficient advance notice is given.

In the financial services sector, the severance payment for non-competition covenants is considered variable remuneration and subject to the same regulatory compensation rules (for example, section 5 paragraph 6 sentence 1 IVV, section 6 paragraph 4 No. 2 Investment Firm Remuneration Ordinance). However, severance payments do not have to be factored into the ratio of variable to fixed remuneration according to section 25a paragraph 5 sentences 2 to 5 KWG if, subject to section 74 paragraph 2 of the German Commercial Code, the payments do not exceed the total fixed remuneration originally owed.
