

Employment in Financial Services

Contributing Editor

Louise Skinner at Morgan Lewis & Bockius

02. Are there particular pre-screening measures that need to be taken when engaging a financial services employee? Does this vary depending on seniority or type of role? In particular, is there any form of regulator-specified reference that has to be provided by previous employers in the financial services industry?

Members of management should at all times be of good repute and possess sufficient knowledge, skills and experience to perform their duties (article 91, Directive 2013/36/EU; and article 9, Directive 2014/65/EU).

Anyone in an executive position (i.e. members of the legal administrative body, the effective management and independent controllers) at a financial institution must exclusively be natural persons and must at all times have the necessary professional standing and expertise to perform their duties (article 19, Act of 25 April 2014). Since 2023, it is specified that “in particular, these persons must demonstrate honesty, integrity and independence of mind which, in the case of members of the legal administrative body, enable them to effectively evaluate and, if necessary, question the decisions of the actual management and to ensure the effective supervision and monitoring of the management decisions taken” (Art. 19, Act of 25 April 2014).

In addition, they must not have been convicted of any of the offences listed in article 20 of the Act of 25 April 2014. This concerns convictions with a professional ban and violations of financial legislation, company codes and insurance law.

The NBB will verify that these persons meet the conditions listed above. Forms for a new appointment, additional elements during the employment, termination of an appointment or renewal of an appointment are available on the NBB website (www.nbb.be). These forms require information mainly regarding education, past financial services experience, training, any criminal or administrative or civil proceedings or investigations, disciplinary decisions, bankruptcy, insolvency, potential conflicts of interest, and time commitments for the new appointment.

The NBB will assess the ability of the person based on five criteria:

- expertise, covering knowledge, experience and skills;
- professional repute;
- independence of mind;
- time commitment; and
- collective suitability for the board (ie, to verify whether the expertise within the said body is sufficiently guaranteed, given the person's knowledge, experience and skills (NBB Fit & Proper Handbook of 22 December 2022, 2:26, p. 16)).

Concerning "N-1" effective managers (managers who exercise direct and decisive influence over the management of the institution, but who are not members of the management committee) other than branch managers, the supervisory authority does not have to authorise them (NBB Fit & Proper Handbook of 22 December 2022, 2:9, p. 14). This does not mean that these persons must not have the required expertise and professional reputation, but only that the NBB will not conduct an assessment.

Isle of Man

There is a general obligation on employers in the Isle of Man to undertake legal working checks to ensure that the prospective employee has the right to work lawfully in the Isle of Man.

In addition, financial institutions must take reasonable steps to ensure that individuals who perform any regulated activity in the course of their employment, or under any contract with the financial institution, are fit and proper for the tasks they perform, by providing adequate training and supervision and (where necessary) undertaking additional checks. Where the financial institution wishes to employ an individual in a Controlled Function, the financial institution must carry out sufficient due diligence to satisfy itself that the candidate is fit and proper to perform the proposed functions.

There are two types of Controlled Functions, those that require notification to, and acceptance by, the IoM FSA and those that require notification only. In either case, the financial institution is required to notify the IoM FSA of the appointment or intended appointment of certain key roles at least 20 business days before the appointment takes effect. Where the Controlled Function also requires acceptance, the financial institution will require the IoM FSA's consent to the appointment of a prospective candidate to a particular role. It is recommended that job offers in such circumstances are made subject to the written acceptance of the IoM FSA.

While the IoM FSA does not specify any particular pre-screening measures, it provides guidance on the nature of the expected due diligence that it would expect a financial institution to carry out, particularly where the individual will be undertaking a key role. Such due diligence includes carrying out a professional body check (ie, any memberships held and if disciplinary action has been taken), capacity check^[1], criminal record check, credit check and website checks. The financial institution should also consider the individual's qualifications, training and competency.

The IoM FSA may ask for evidence of the due diligence carried out by the financial institution at any time, either remotely or during a supervisory visit.

The IoM FSA recommends financial institutions request a reference from the prospective candidate's current employer and previous employers covering, as a minimum, the past ten years of employment.

^[1] For instance, does the individual have enough time to devote to the role when considering other roles held with the regulated entity and other roles held elsewhere?

Under Swiss civil law, there is no requirement to apply pre-screening measures. However, while not a statutory requirement under Swiss financial market laws per se, companies subject to these laws apply pre-screening measures to ensure that a prospective financial services employee meets the requirements set forth by these laws. In particular, regulated companies such as banks, securities firms, insurance companies, fund management companies, managers of collective investment schemes and asset managers are required to obtain authorisation from the Swiss Financial Market Supervisory Authority (FINMA) relating to strategic and executive management and each change thereto.

As a general rule, the higher the responsibility or position of a person, the more requirements financial services employees may need to fulfil. Persons holding executive or overall management functions (eg, a member of the board or members of the senior management) are required to fulfil certain requirements set forth by the applicable Swiss financial market regulations. Such requirements may include providing current CVs showing relevant work experience and education as well as excerpts from the debt and criminal register. It may also include providing various declarations (eg, concerning pending and concluded proceedings, qualified participations and other mandates). Furthermore, financial services employees holding certain control functions (eg, compliance officer, risk officer and their deputies) may also be required to prove that they are suitable for the position by providing, for example, a current CV showing relevant work experience and education.
