SFC

The “Guidelines on Competence” published by the SFC lists the necessary qualifications for employees carrying on regulated activities. For academic qualifications, employees should attain at least Level 2 in either English or Chinese as well as in Mathematics in the Hong Kong Diploma of Secondary Education or equivalent. In addition, employees are expected to obtain recognised industry qualifications and pass the local regulatory framework paper. For responsible officers (ROs), the SFC requires higher levels of educational qualifications and experience.

IA

The “Guideline on ‘Fit and Proper’ Criteria for Licensed Insurance Intermediaries Under the Insurance Ordinance” published by the IA sets out the education requirements for licenced employees under the IO. Higher levels of educational qualifications are required for responsible officers.

Depending on the status of the employing entity and the position of the financial services employee, a special certification or, more generally, proof of relevant work experience and sufficient education is required.

As a general rule, persons holding executive, overall management, oversight or control functions (eg, a member of the board, CEO, compliance officer, risk officer or their deputies) in regulated companies such as banks, insurance companies, securities firms, fund management companies, managers of collective assets or asset managers are required to demonstrate to FINMA that they have sufficient relevant work experience and education. As proof, FINMA requests current CVs, diplomas, certifications and contact details of references. The scope and nature of the future business activity and the size and complexity of the company in question also need to be considered.

Furthermore, client advisers of so-called financial service providers (eg, investment advisers) must have sufficient expertise on the code of conduct and the necessary expertise required to perform their work. Client advisors often prove that these requirements have been met by successfully attending special courses. In addition, insurance intermediaries registered with FINMA's insurance intermediary register have to prove that they have undergone sufficient education and have sufficient qualifications. For this purpose, FINMA has published a list of different Swiss and foreign educational qualifications deemed to be sufficient on its website.
